THE UNIVERSITY OF ECONOMICS IN BRATISLAVA

BASIC FACTS

- The University of Economics in Bratislava (UEB), established in 1940 as the Slovak Higher School of Commerce, is one of the most important educational and scientific-research institutions in the Slovak Republic.
- The University provides higher education in the field of economics and business in Bachelor's, Master's and Doctoral programs for full-time and part-time students.
- At present, more than 14,000 students study at the University. As of 2006, it had prepared more than 75,000 graduates.
- Science and research form an integral part of the university's activities. Every year competitions for the best student research projects on the faculty, university, and international levels are organized. The University of Economics in Bratislava is member of EDAMBA (The European Doctoral Programs Association in Management and Business Administration).
- The development of international co-operation with universities, enterprises, and institutions from the whole world is one of the priorities of the University. International mobility is provided under the Erasmus European program and the CEEPUS Central European program. The university cooperates with more than 150 universities from abroad through bilateral ERASMUS agreements, as well as within a framework of other agreements. The cooperation includes student and teacher exchanges, common research projects, publications and participation in scientific conferences and workshops. The University has been involved in many international projects within European Union programs such as TEMPUS, Leonardo da Vinci, Erasmus, the European Social Fund and others.
- The University is a member of various international institutions such as: the EUA – European University Association, the EAIE – European Association for International Education, IUA – International University Association, Magna Charta Universitatum and others.

FROM ITS HISTORY

- 1940** The private **Slovak Higher School of Commerce** as the first higher education institution of economics and business in Slovakia was established. Its aim was to prepare professionals for the commercial, industrial, and banking spheres.
- 1953** It was renamed as the **Higher School of Economics**.
- 1989** This year saw the beginning of democratic changes throughout Slovak society. This was also reflected in the restructuring of all of the higher education institutions in the country.
- 1992** This year not only brought about a new name – the **University of Economics in Bratislava (UEB)** – but also radical changes in the content and form of study caused by the transformation of the economy upon market principles.
- 2002** The University of Economics in Bratislava underwent an international evaluation carried out by the European University Association.
- 2004** All of the degree programs were accredited in accordance with the Bologna Process.
- 2006** A follow-up European University Association evaluation process took place.

STUDY AT THE UNIVERSITY

In compliance with the Bologna Process and starting in the 2005/2006 academic year, study at all Faculties of the UEB has been organized on the three-level system of tertiary education:

- **1st level – bachelors degree** 3 years; full-time and part-time study; graduates obtain the degree of BA/BS (Bachelor)
- **2nd level – masters degree** 2 years; full-time and part-time study; graduates obtain the degree of **Ing.** (Inžinier) equivalent to **MSc** (Master)
- **3rd level – doctoral study** full-time study (3 years); part-time study (5 years); graduates obtain the degree **PhD.** (Philosophiae Doctor)

The accredited study programs guarantee the graduate profile through the compulsory subjects. Students can choose additional optional subjects that enable their own specialization. The ECTS credit system of study is applied on all three levels of study. The teaching of subjects is provided by experienced professional lecturers from relevant departments, some of them from abroad.

Communicative competence in Slovak is a prerequisite for full-time study for foreign students who study in compliance with international agreements. UJOP UK (www.ujop.sk) is a specialized institute that provides the teaching of Slovak for academic purposes.

STUDY IN FOREIGN LANGUAGES

The university offers three **degree programs** for the second level (masters degree) taught in foreign languages:

- **International Finance Management (taught in German)**
- **International Management (taught in English)**
- **Management of Sales (taught in French)**

The university offers also the opportunity to study **selected courses** in the following foreign languages: English, French, German and Russian. Courses in Spanish are being prepared.

The **Study Program in French**, conducted in cooperation with the University of Pierre Mendes France in Grenoble, and the **Study Program in German**, in cooperation with the University of Martin Luther in Halle Wittenberg, allow students to obtain certificates from foreign partner universities.

The Institute of Languages provides **language courses** of English, German, French, Spanish, Russian, Italian, and Slovak for students from abroad.
